WALK-UP OR DRIVE-UP ATM

TRITON ARGO FT

OVERVIEW

ARGO FT is built for through-the-wall service. Choose a walk-up or drive-up configuration to suit the site. A separate rear touchscreen supports operator service.

THREE-QUARTER VIEW

STANDARD FEATURES

- **15-inch sunlight-readable touchscreen** on the customer side.
- **7-inch rear touchscreen** for operator service.
- **Electronic lock and EMV reader** in the standard specification.

OPTIONAL CONFIGURATIONS

Walk-up and drive-up wall configurations are available. Triton also lists a Level 1 safe, NFC hardware, and alternative locks.
